- Agile Methodology

### RESUME OBJECTIVE

I am currently training for Salesforce Administrator Certification with a solid foundation in Information Technology. Proficient in front-end and back-end development, and database management. I am experienced in version control using Git and data visualization. I am passionate about data analytics, process optimization, and leveraging technology to drive business improvements. Seeking a Junior position to utilize my technical skills, problem-solving abilities, and commitment to team success in a dynamic tech environment.

### SKILLS

- Problem Solving - Critical thinking and solution driven
- I contribute to team success
- Good communication skill
- Ability to be resilient and handle pressure
- I pay good attention to detail
